

Luke Harris Madagascar Hissing Cockroach (hisser)

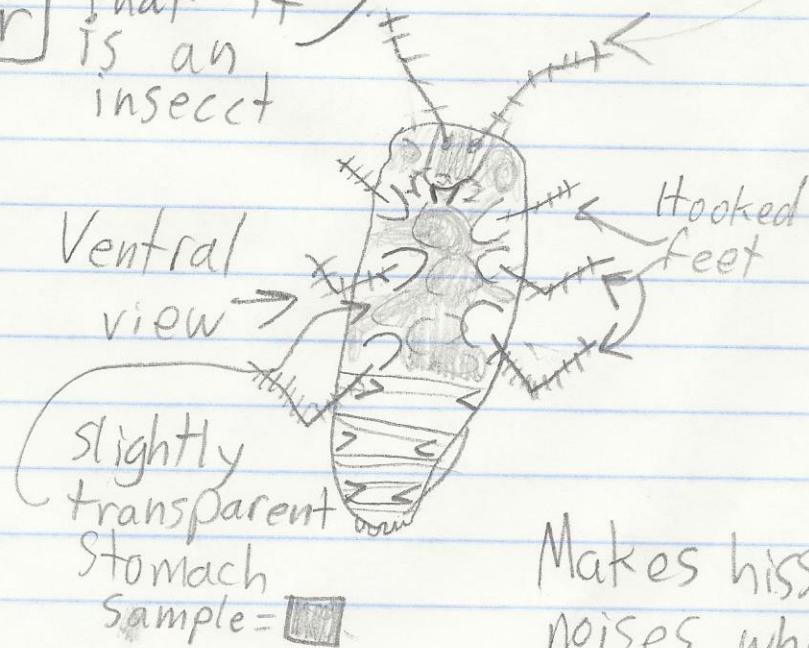

Female

Six feet means
that it is an insect

Female Male

Makes hissing
noises when
mad.

Behavior: It liked to move, but when it would settle down it would cling to your finger and would not let go.

if you would try to pull it off your finger it would dig its legs into your finger. Cockroaches like to pile on top of each other in their tank.

Good sense of excellent
humor. Excellent
writing and presentation.

If you want to know what I like then listen.

I like cheeseburgers with ketchup, no tomatoes or anything weird like that. I also like ice-cream and most pies.

~~restaurant~~ I also like steaks and porkchops. My favorite restaurant to go to is the Japanese steak-houses. What kind of food do you like?

Here's what I don't like. I don't like ravioli or lasagna. I also dislike pork-pot-pie. I don't like artichokes because they have the word "choke" in them, but most of all I don't like pulled pork sandwiches!

I do have a dog however. His name is Frank, he is a pug. He likes to sleep and eat.

my dad wanted to name him Agent F from Men in Black, but my mom said no.
Do you have a dog?

My hobbies are playing soccer and street basketball. I also enjoy playing Wii and making toy soldiers. I like hiking ^{and playing} with my dog. My favorite bands are Green Day and Linkin Park, I also like Eminem.

Do you have any favorite bands?

My favorite type of food is Italian. I also like American. My favorite breakfast food is a bacon, egg, and cheese sandwich. I love scrambled eggs too. I can't live without coffee.
